JAGUAR E-PACE
2020
THE JAGUAR E-PACE

The E-PACE is Jaguar’s first compact SUV. With a driver-focused cockpit sitting at the heart of a family focused interior, the E-PACE takes the rewarding Jaguar driving experience and adds everyday practicality. There’s never been a compact SUV like this before.

THE WORLD OF JAGUAR 72

AT YOUR SERVICE 77

VEHICLE SHOWN LEFT: E-PACE R-DYNAMIC SE IN CALDERA RED WITH OPTIONAL FEATURES FITTED.

VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY MAY VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER.
INTRODUCING THE JAGUAR E-PACE

With its sculpted hood and muscular rear haunches, the E-PACE is a dynamic, agile SUV with the lines of a coupé. The modern interior is distinctly Jaguar with significant interior storage space. It also features our advanced suite of infotainment and driver technologies. The E-PACE is the compact SUV as only Jaguar could have imagined it.

FIT YOUR LIFE INSIDE

The E-PACE has plenty of space for everything you need. With deep centre console storage space and sculpted door bins, the E-PACE is highly versatile. For simple, practical loading, the cargo space is up to 1.3 metres wide, while the optional powered gesture tailgate lets you open the trunk hands-free. Making it easy to enjoy your favourite activities – from cycling to swimming – the wearable and waterproof optional Activity Key lets you keep your car key stored securely in the car. Even when you’re heading off on a weekend away, you can take everything you need thanks to the E-PACE towing capacity of up to 1,800 kg. See pages 30–35 for details.

PERFORMANCE TECHNOLOGY

Jaguar’s world-renowned performance technology helps you take everything in your stride. To give you more confidence and improved performance across an even wider range of conditions, our intuitive All Wheel Drive system transfers torque between the front and rear wheels as driving conditions dictate. For increased agility, Active Driveline allows 100 percent of rear axle torque to be distributed to the outside rear wheel when cornering. Delivering enhanced dynamics and refinement, the E-PACE has a fully independent suspension system with a sophisticated multi-link rear suspension design, while Torque Vectoring by Braking is designed to deliver sharper turning and more consistent road holding.

*This feature is not a substitute for safe and attentive driving, nor can it overcome all extreme circumstances. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.
**These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.
1Only available with optional Keyless Entry. Keyless Entry is standard on HSE Specification Package. 2Standard with P300 engine only. 3Only available with Adaptive Dynamics.

VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN YULONG WHITE WITH OPTIONAL EQUIPMENT.
DRIVER ASSISTANCE
Providing reassurance and information, standard driver assistance features include Lane Keep Assist, Driver Condition Monitor, Rear Camera, and Front and Rear Parking Aid. For additional assistance, the E-PACE offers a wealth of systems as standard, including Dynamic Stability Control and Emergency Brake Assist**. Helping to distinguish objects more easily, LED headlights produce a highly focused beam with a high quality of light. See pages 22–23 for details.

HEAD-TURNING GOOD LOOKS
For a striking on-road presence, sleek LED headlights and signature LED tail lights are standard. To enhance the E-PACE appearance even further, 21" alloy wheels² are also available as an option. The style extends to the driver-focused interior, which features premium quality materials. See pages 7–9 for details.

INGENIUM ENGINES
A choice of two gas Ingenium engines are available. The 2.0 litre 4-cylinder 246 HP All Wheel Drive (AWD) Turbocharged Gas delivers refined and responsive driving. For increased performance, there’s the 2.0 litre 4-cylinder 296 V All Wheel Drive (AWD) Turbocharged Gas that can reach a top speed of 240 km/h with 0-100 km/h acceleration in 6.5 seconds†. See pages 10–11 for details.

CONNECTED ON THE GO
The E-PACE offers a range of features to make your life more connected on every journey. To ensure you and your passengers enjoy the journey while remaining connected to the world outside, our Connect Pro Package comes as standard, which is part of our suite of Jaguar InControl® technologies and features Pro Services, 4G Wi-Fi Hotspot†† and Smart Settings. Making it easy to use tailored apps from your phone on the 10" Touchscreen. With up to five USB sockets in the car, it’s simple for every occupant to keep devices fully charged. See pages 16–19 for details.

†Always obey local speed limits. ††The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.
The Jaguar E-PACE looks unmistakably sporty, with its bold honeycomb mesh grille framed by LED headlights with signature 'J' blade Daytime Running Lights.

The dynamic roofline blends with a spoiler that sits over a steeply raked rear window to give the E-PACE a distinctive profile and the lines of a coupé. For convenience with a touch of style, puddle lights in the door mirrors illuminate the ground with an eye-catching Jaguar and cub design – adding a sense of occasion each time you unlock the vehicle. Optional 20" and 21" alloy wheels further underscore the sporting character of the E-PACE.

At the rear, full LED tail lights provide a truly distinctive, night-time signature. Muscular haunches give an assertive stance, and the wide tailgate has been designed to allow easy access to the large and versatile cargo space.

1Standard on HSE Specification Package.  2Only available with Adaptive Dynamics.

VEHICLE SHOWN: E-PACE IN BORASCO GREY WITH OPTIONAL EQUIPMENT.
In the E-PACE, every component you can see and touch has been meticulously designed to deliver a refined, tactile experience. The cockpit wraps around the driver, and the SportShift Selector sits at your fingertips. A 3-spoke leather steering wheel incorporates key controls for ease of use. To enhance the sportier feel, the R-Dynamic steering wheel features Satin Black gearshift paddles.

It's the little design details that give the E-PACE its unique character, like the exclusive Jaguar and cub design hidden in the corner of the front windshield. There's also a subtle Jaguar print in the glovebox and on the centre console. Complementing this, HSE models also feature beautifully detailed animal print seat labels.

INTERIOR SHOWN: E-PACE SE WITH OPTIONAL LIGHT OYSTER WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR AND LIGHT OYSTER HEADLINING.
The auto-dimming interior rear view mirror has a frameless design. For added comfort there’s even a front passenger grab handle on the side of the console. Choose our optional fixed panoramic glass roof and flood the E-PACE interior with light, enhancing the airy, spacious feeling. Bringing the outside in, it gives everyone superb views of the sky.
PERFORMANCE

INGENIUM ENGINES

From power and sheer driving pleasure to refinement, there is a choice of two Ingenium gas engines available for the Jaguar E-PACE. Both engines are equipped with Stop/Start technology and smart regenerative charging; this feature harvests kinetic energy from braking to charge the battery for maximum economy, especially during city driving.

These low friction, all-aluminum engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. Intelligent, electronically controlled, adaptive engine cooling only engages when required.

TRANSMISSION

To ensure that you are in the optimum gear, maximizing acceleration, the Jaguar E-PACE 9-speed Automatic Transmission has nine closely spaced ratios. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style.
ENGINES

The intelligent Continuous Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine pumping losses. This lets the engine 'breathe' with maximum efficiency, optimizing power and torque. CVVL works in combination with dual independent Variable Cam Timing (VCT) for ultimate operating flexibility, resulting in optimized power across the rev range.

P250 AWD AUTO
2.0L | 4-cylinder | Turbocharged
246 HP | 269 lb-ft
Optimized for increased power.
• For excellent acceleration and overtaking, CVVL works in combination with dual independent variable cam timing to deliver maximum torque at 1,350 rpm.
• The twin-scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine – significantly reducing turbo lag and improving engine response.

P300 AWD AUTO
2.0L | 4-cylinder | Turbocharged
296 HP | 295 lb-ft
Optimized for top-of-the-range performance.
• Featuring upgrades to the boosting system, it builds on the architecture of the 2.0 litre 4-cylinder 246 HP Turbocharged Gas engine.
• The uprated turbocharger features a high flow compressor wheel delivering 26 percent more air, enabling a higher peak power output.
• The twin-scroll turbocharger features ceramic ball bearings which reduce friction and improves transient response.
TORQUE VECTORING BY BRAKING APPLIES BRAKE PRESSURE TO SLOW THE INSIDE FRONT AND INSIDE REAR WHEELS INDEPENDENTLY, REDUCING UNDERSTEER.
For performance across an even wider range of conditions, the All Wheel Drive (AWD) system intelligently controls torque distribution between the front and rear axle via an electronically controlled multi-plate clutch, which is located in front of the rear differential. Drive torque is distributed across the front and rear axle to fully utilize the available traction from all four tires. On slippery surfaces, such as wet grass and snow, torque can be balanced between the front and rear wheels to enhance traction. In extreme conditions where only the front or rear wheels have traction, up to 100 percent of engine torque can be distributed to the opposite axle for optimum grip. The AWD system combined with Electronic Traction Control (ETC) helps deliver a sure-footed driving experience in even some of the most challenging situations*.

Active Driveline technology is designed to deliver even greater levels of traction, stability and composure in challenging conditions. While the system is able to fully disconnect drive to the rear wheels in calmer driving conditions, Active Driveline can seamlessly reconnect drive to the rear of the car within 300 milliseconds when the requirements for AWD are met. Where driving conditions require it, both rear clutches are fully locked to provide the same effect as a traditional locking rear differential – designed to enhance the car’s stability in order to increase capability. Active Driveline also optimizes traction and agility and provides Rear Wheel Drive handling characteristics by allowing up to 100 percent of rear axle drive torque to be distributed to either rear wheel, according to available grip. The hydraulically controlled multi-plate wet clutches act upon both the rear drive shafts. The clutches are independently controlled and supply optimal torque to each rear wheel based on measuring wheel speeds, throttle position, steering angle and vehicle rotation. So you always feel in control, a dedicated display on the Touchscreen lets you know what’s happening*.

All Wheel Drive

All Surface Progress Control (ASPC) is a state-of-the-art system that enables you to set and maintain a steady speed in challenging conditions such as mud, wet grass, snow and dirt roads. Operating like a conventional cruise control system, it functions between 1.8 km/h and 30 km/h, helping you to maintain full concentration on the road ahead*.

Low Traction Launch

Providing you with optimum torque control when you start from a standstill, Low Traction Launch enhances capability in slippery conditions like wet grass and snow. The system remains active until the car reaches 30 km/h - then the E-PACE seamlessly blends back into the selected driver mode*.

CHASSIS AND DYNAMICS

The chassis of the E-PACE has been developed to deliver agile and refined on-road dynamics. Aluminum chassis components are used to improve suspension performance by increasing stiffness and reducing unsprung mass. To increase ride comfort, the E-PACE has a fully independent suspension system with a multi-link rear suspension design. Reducing understeer and delivering increased agility through even the tightest corners, Torque Vectoring by Braking (TVBB) is designed to provide controlled independent braking on the individual inside front and rear wheels*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.

1Standard with P300 engine. Not available on P250 engine.

VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN CALDERA RED.
Delivering a wealth of information and entertainment, every E-PACE is equipped with our Jaguar InControl® infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their trip.

**TOUCH PRO**
The standard 10" Touchscreen at the heart of the centre console supports swipe and pinch-to-zoom gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customizable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro is further enhanced by the connectivity package, Connect Pro Package.

**INTERACTIVE DRIVER DISPLAY**
The optional 12.3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and driver assistance data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth-moving, pin-sharp graphics. To help you find your way more easily, Navigation Pro enables you to display fullscreen navigation with 3D mapping.

**HEAD-UP DISPLAY**
Minimizing distractions and the need to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield. It features crystal-clear, full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen, including phone and media information such as the name of the track you might be listening to. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.
†These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.

1Included within HSE Specification Package. 2Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with a suitable data contract. InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store.

INTERIOR SHOWN LEFT: E-PACE SE WITH OPTIONAL LIGHT OYSTER WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR AND LIGHT OYSTER HEADLINING.
CONNECTIVITY

Jaguar InControl® is our suite of standard features that connects you to your vehicle and links you seamlessly with the outside world. With a selection of apps, even when you’re away from your car some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.*

Go to jaguar.ca/en/owners/incontrol/index to activate your account.

STANDARD FEATURES

**PINPOINT TOUCH CONTROL**
Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

**PERSONALIZED HOMEPAGE**
You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customize your system around the features you use most.

**INTERACTIVE SIDE PANEL**
A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

**MULTIMEDIA**
Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

**ENHANCED PHONE INTERFACE**
Making it easier, you can call a favourite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

**VOICE RECOGNITION SYSTEM**
So you can complete tasks without taking your eyes off the road, the E-PACE offers intelligent voice recognition: For example, ‘Tune to 97.9’ or ‘Call home’.
REMOTE
Remote provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

1. Remote Lock/Unlock – Lock or unlock your doors remotely. Simply press the ‘lock’ button on the Vehicle Security screen of the Remote smartphone app to single lock the doors and fold in the side mirrors. Press the ‘unlock’ button to open your vehicle, unfold the side mirrors, turn on the dipped headlights and cause the hazard lights to flash twice to help you locate your vehicle.
2. Remote Climate – Prepare your E-PACE in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
3. Beep/Flash – This feature turns on your Jaguar hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle.

• Journeys – This opt-in feature can automatically record your trip history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
• Vehicle Status Check – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Jaguar Optimized Assistance – You can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console or from the Assistance screen within the InControl Remote smartphone app.

SOS Emergency Call – Emergency services will be automatically notified if the airbags are deployed in an accident. For peace of mind, this service is provided for the first ten years from date of registration.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

1Remote and Jaguar Optimized Assistance contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

2When power fold mirrors are specified.

Remote App will need to be downloaded from the Apple/Play Store.

InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations.
STANDARD FEATURES

NAVIGATION PRO
Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal-clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Package*.

CONNECT PRO PACKAGE*
Connect Pro consists of a 4G Wi-Fi Hotspot** and Pro Services. It’s designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey while remaining connected to the world*.

4G Wi-Fi
The 4G Wi-Fi Hotspot provides in-car access to the internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle’s wireless network to surf, work, update social media and stay entertained throughout the trip**.

PRO SERVICES*
• Real-time Traffic Information – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination*.

• Online Search – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area*.

• Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen. Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options*.

• Share ETA – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you*.

• Satellite View – When you want to get the context of your surroundings from overhead, simply switch to satellite view*.

• Commute Mode – Allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

1Only available with Navigation Pro. Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with suitable data contract. 4G Wi-Fi Hotspot and Pro Services contain subscription services that can be extended after the initial term advised by your Jaguar Retailer.

2Features within Pro Services and Smartphone Pack may vary between markets. Please contact your local Jaguar Retailer for more information.
• Parking Service – As you approach your destination, you can see where parking is available. Simply tap on the parking and the navigation system updates to direct you to it.

• Online Routing – While you’re on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.

• Fuel Prices – When you’re going to fill up, the Fuel Price service not only finds gas stations along your route, it also enables you to compare fuel prices so you can keep your costs down.

SMART SETTINGS
Another feature that helps make life simpler is Smart Settings. Using a combination of the key fob and your smartphone, Smart Settings automatically recognizes the driver and can remember a number of settings saved to each driver’s profile, including preferred seat and mirror positions, and which media to play at the start of the journey to ensure you or any other user will feel immediately comfortable when you get into the vehicle.

SMARTPHONE PACKAGE†
By screen sharing with the InControl infotainment system, the Smartphone Package helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimize distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen or with voice control.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen or with voice control.

You can also download third-party apps offering a vast range of services.
A vehicle’s cabin is the ideal place within which to experience your personal choice of music and the Jaguar E-PACE has the option of two different audio systems to bring your music to life:

**SIRIUSXM® SATELLITE RADIO AND HD RADIO™**
The option of HD satellite radio technology offers improved sound quality, and a wide choice of stations and entertainment*.

**SOUND SYSTEM**
Excellent acoustic range through six speakers.

**MERIDIAN™ SOUND SYSTEM¹**
Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers including a dual-channel subwoofer.

**MERIDIAN SURROUND SOUND SYSTEM²**
All the fullness and clarity of a live performance delivered through an arrangement of 14 front, side and rear speakers including a dual-channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with the left and right, ensuring an optimum, consistent sound experience for each passenger.

*A 3 month trial subscription to the SiriusXM Select+ package is included with equipped vehicles, which gives you access to 130+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it’s included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-888-539-7474. See the SiriusXM Customer Agreement for complete terms at siriusxm.ca. All fees and programming are subject to change.

¹Standard on SE and HSE Specification Packs. ²Optional feature.

Image: Representation of Meridian Surround Sound System.
**MERIDIAN™**

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts, including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that the Jaguar E-PACE is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilized to analyze cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

**DIGITAL SIGNAL PROCESSING**

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

**MERIDIAN CABIN CORRECTION**

The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of the E-PACE interior.

**MERIDIAN DIGITAL DITHER SHAPING**

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

**TRIFIELD™**

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with the left and right, delivering a consistent, concert-like experience for all occupants.

DRIVER ASSISTANCE

MAKING DRIVING EASIER AND SAFER

From negotiating city traffic or the highway, to providing additional assistance for you and your passengers, there’s a wealth of innovative technologies available, either as standard, optional or as part of an optional package. Whichever you choose, you’ll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

Search ‘Jaguar E-PACE Driver Assistance’ for more details.

DRIVE PRO PACKAGE†
Making trips more relaxing. The Drive Pro Package includes:

Adaptive Cruise Control with Queue Assist is designed to keep your vehicle a set distance from the one in front should it slow or stop when you’re cruising on the highway or travelling in slow-moving traffic. Should the vehicle in front stop completely, the system will help your vehicle come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system can be activated from 15 km/h up to highway speeds*.

High-speed Emergency Braking is designed to detect when a potential frontal collision with another vehicle may occur and to display a forward alert to warn the driver to brake. If the driver doesn’t react†, the system will apply the brakes in order to help reduce the severity of the possible impact*. High-speed Emergency Braking is ready and active from 10–160 km/h**.

Blind Spot Assist can provide assistance in helping to mitigate foreseeable collisions. When a vehicle is detected, a small warning light will show and a corrective torque will be applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle*.

STANDARD FEATURES

- Emergency Braking** (see page 26)
- Lane Keep Assist is designed to detect when your vehicle is unintentionally drifting out of your lane and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back*.
- Driver Condition Monitor is designed to detect if you’re starting to feel drowsy and to give you an early warning when you need to take a break*.
- Cruise Control and Speed Limiter*
- Front and Rear Parking Aid*
- Rear Camera*

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc.
Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.
**Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.
†Always follow local speed limits.
PARK PRO PACKAGE
The Park Pro Package, standard on all specification packages, enables you to park and manoeuvre more easily in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. It features: Rear Traffic Monitor is particularly useful when reversing out of a parking space. The system is designed to warn you of vehicles, pedestrians or other hazards approaching from either side of your vehicle. It will alert you with both audio and visual warnings so you know what’s behind you even when the view is obstructed*. Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist is also designed to steer you out of a parallel space*. 360° Parking Aid gives you added confidence when manoeuvring in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles*. 360° Surround Camera uses four digital cameras placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a curb, to getting in and out of tight spaces. The integrated cameras can also provide assistance when towing*.  

1Standard on HSE Specification Packages. Optional on SE Specification Packages. Only available when optional power fold mirrors with driver side auto-dimming are fitted.  
2Standard on SE and HSE Specification Packages.  

VEHICLES SHOWN: E-PACE R-DYNAMIC SE IN YULONG WHITE WITH OPTIONAL FEATURES FITTED.
EFFICIENT TECHNOLOGIES

SUSTAINABLE CONSTRUCTION
Jaguar Land Rover is committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. The E-PACE development process has included a full life-cycle assessment and has been designed to be 85 percent recyclable/reusable and 95 percent recoverable at the end of the vehicle’s life.

Recycled materials have been used in the E-PACE wherever possible. Each car contains up to 10 kg of recycled plastics, which is the equivalent of 769 small plastic water bottles. The use of recycled material in the E-PACE means that approximately 6,290 tons of plastic are diverted away from landfills over its entire life cycle. Parts containing recycled plastics include the floor console base, wheel arch liners, and electrical box covers.

ENGINE MANUFACTURING CENTRE
Jaguar Land Rover’s Engine Manufacturing Centre, where all of the E-PACE engines are developed, features the largest rooftop solar panel installation in the UK. Comprising of 22,600 individual panels, which are capable of providing up to 6.2 MW (enough energy to power 1,600 homes), the panels generate more than 30 percent of the site’s energy, reducing the plant’s CO₂ footprint by over 2,400 tons per year.

ADVANCED AERODYNAMICS
The E-PACE streamlined shape navigates air around the rear wheels to reduce turbulence. The smooth underfloor has been honed through exhaustive testing to perfect airflow efficiency.

Helping the E-PACE cut through the air and improve fuel efficiency, lower bumper intakes optimize airflow past the front wheels, by feeding air to the inner wheel arch from ducts in the front spoiler. In the upper and lower front grille, two intelligent Active Vanes open when necessary to let in cool air, but whenever possible they shut.

To reduce drag, which in turn reduces CO₂ emissions, an aero blade below the rear bumper helps redirect air away from the rear of the car. It also helps clean your rear windshield and lights.

ECO MODE
Eco Mode encourages fuel-efficient driving by reducing throttle sensitivity, selecting more economical engine mapping. It is designed to help reduce fuel consumption by minimizing the energy demands placed on the engine by climate control and audio systems. A display on the Touchscreen provides vehicle data and driving tips.

The E-PACE has been engineered to include a wealth of features designed to provide protection for you and your passengers, but to also provide the driver with assistance when needed. Sure-footed All Wheel Drive (AWD) capability is designed to help you stay planted on the road, in various weather conditions*. Jaguar E-PACE has achieved a five-star Euro NCAP rating, confirming the vehicle is among the safest on the market. Offering outstanding protection for adults, children and pedestrians, the vehicle scored highly in all categories.

Search ‘Jaguar E-PACE Driver Assistance’ for more details.

**Dynamic Stability Control** monitors the E-PACE dynamic behaviour, intervening to optimize vehicle stability. DSC is designed to reduce engine torque and to apply braking to the appropriate wheels to correct the direction of travel by counteracting understeer or oversteer*.

**Electronic Traction Control** improves traction and stability by controlling wheel spin. This system is designed to reduce torque to the spinning wheel, then to apply braking to the wheel, if required*.

**Engine Drag Torque Control** can help mitigate the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate*.

**Hill Start Assist** is designed to help prevent the vehicle from rolling backwards as you pull away on an incline*.

**Cornering Brake Control** automatically varies the braking force to each wheel when the vehicle’s brakes are applied around a corner and the limit of grip is reached. The system is designed to prevent the vehicle’s wheels from locking up and skidding in this event, through varying the braking force applied to each wheel*.

**Roll Stability Control** is integrated with Dynamic Stability Control to help reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to help reduce forces that contribute to rollover*.

**Emergency Brake Assist** helps mitigate the potential for a collision. The Emergency Stop Signal (ESS) will be applied automatically and activates the hazard warning lights during emergency braking*.

**Anti-lock Braking System** allows the vehicle to maintain traction with the road surface while braking and helps prevent wheels from locking, thereby retaining the vehicle’s ability to steer. The system helps to shorten the braking distance*.

**Electronic Brake-force Distribution** automatically varies the braking force to each axle in order to minimise stopping distance, while still maintaining stability and the vehicle’s ability to steer*.

**Emergency Braking** can detect an imminent forward collision with other vehicles or pedestrians and can assist to mitigate the potential for a collision. If a potential frontal collision is detected, a warning is displayed giving you time to take action. A camera at the front of the vehicle monitors at speeds from 5–80 km/h for frontal collisions and 5-60 km/h for pedestrians. If a collision is still anticipated and you have taken no action†, this system is designed to apply the brakes to help reduce the severity of the possible impact*.

**Emergency Brake Lights** are activated through the hazard warning lights to alert vehicles behind you in the event of sudden braking*.

---

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.

**Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

**VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN YULONG WHITE WITH OPTIONAL EQUIPMENT.**
PRETENSIONERS
The safety belt pretensioners activate in conjunction with the Supplementary Restraint System (SRS) to provide extra protection in the event of a severe frontal impact. They automatically reduce any slack in a safety belt to reduce forward movement to all outboard seating positions.

LATCH AND AIRBAGS**
To improve safety, three LATCH points for baby/child seat restraints are fitted on each side of the rear seats and headrest. A comprehensive system of six airbags – including driver and front passenger airbags, side curtain and thorax – are fitted as standard.
BRIGHTER LIGHTS HELP NIGHT-TIME DRIVING

The E-PACE features all-round exterior LED lighting as standard. LED lights are designed to last the lifetime of the vehicle and can be more fuel-efficient as they use less energy. The quality of light produced is closer to daylight conditions, so driving at night becomes less tiring.

Driving at night is made easier by the standard Auto High Beam Assist which detects lights ahead and automatically lowers the main beam for oncoming traffic. And with the distinct exterior graphic of the signature Daytime Running Lights (DRL), the E-PACE is instantly recognizable as a Jaguar.
The E-PACE has significant interior storage. The deep storage in the centre console features removable cup holders to provide a highly flexible space, suitable for smaller tablets or four 750 ml bottles which can be stored flat. Inside the console, a 12 V socket and two USB sockets are available for charging, while the rear of the centre console has three optional USB sockets for passengers in the back. The floor of the console also has a tablet-retaining feature to secure a device during charging.
A smartphone holder sits between the cup holders so occupants can charge a phone while still using the cup holders. The large glovebox is great for all those essentials you want to keep close at hand. Both deep front door bins have been sculpted to hold a range of items that may be needed.
VEHICLE SHOWN: E-PACE SE IN BORASCO GREY WITH OPTIONAL EQUIPMENT.
PRACTICALLY DESIGNED

Whatever adventure you’re after, our Activity Key is the perfect companion. The E-PACE also has towing capacity of up to 1,800 kg and a suite of features to help make towing easier and more assured.

ACTIVITY KEY
With the optional Activity Key, you can enjoy your favourite activities and keep your car key securely in the car. For extra convenience, you can strap the Activity Key to your wrist. The wristband is robust and fully waterproof, allowing you to take part in a range of activities from cycling to swimming. Simply place your Activity Key against the sensor on the tailgate1 to lock or unlock the car and deactivate or reactivate the conventional key fob.

TOW HITCH ASSIST
Tow Hitch Assist2 makes coupling a trailer to the vehicle much easier, by helping you visualize the hitching process. It displays the predicted path of the vehicle tow ball towards the trailer tow bar on the Touchscreen.

TOW ASSIST*
Tow Assist2 helps with reversing by predicting the trailer’s direction. The system displays the predicted path of both the vehicle and the trailer as coloured trajectory lines on the Touchscreen**. For precise guidelines you can even choose your trailer’s width.

TRAILER STABILITY ASSIST
Trailer Stability Assist (TSA) gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing the E-PACE’s speed by lowering engine power and applying the brakes individually on each side of the vehicle, to control the sway**.

*Before towing, please consult the owner’s manual or your local Jaguar Retailer for more details. **These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving.

Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.

1Please consult your local Jaguar Retailer for more information. 2Standard when tow hitch receiver is ordered.
TAKE YOUR WHOLE WORLD WITH YOU

Wherever you need to go, whatever you need to take, the E-PACE is designed to carry you and your cargo effortlessly and in style.

If your hands are full, the optional powered gesture tailgate* lets you open the trunk hands-free. Simply present your foot under either corner of the rear bumper and the tailgate opens or closes.

Longer items can easily be accommodated by a maximum cargo space width of up to 1.3 metres – making it easy to fit a baby stroller lying flat. With a trunk capacity of up to 685 litres, you can easily fit two medium sized suitcases and three carry-on bags with ease.

Versatile 60:40 folding rear seats are standard, so you can carry items up to 5 feet long with one or two passengers in the back. For bulky items, like flat pack furniture, fold down the second row seats completely to create 1,493 litres of space. Optional easy-to-use rails and a divider net help increase the adaptability of cargo space storage.

*Only available with optional Keyless Entry. Keyless Entry is standard on HSE Specification Package.
NEW E-PACE
CHECKERED FLAG

Jaguar’s stylish and athletic lineup of compact luxury SUVs has been enriched by the addition of a Checkered Flag Special Edition with unique exterior and interior features. Outside, it comes with all the key benefits of R-Dynamic plus the Black Exterior Pack, which goes beautifully with a set of sporting 19” Satin Dark Grey wheels. Checkered Flag branding adorns the treadplates and side vents, whilst the panoramic roof completes the stunning look. There are three colour options: Corris Grey, Yulong White and – exclusive on E-PACE to Checkered Flag – Photon Red. Inside, Ebony grained leather upholstery with Flame Red stitching continues the subtle makeover, together with heated front seats, Interactive Driver Display and Connect Pro Pack.

Features:
Available with Ingenium 2.0 litre 4-cylinder 246 HP AWD Automatic Twin Turbocharged Petrol engines.

Exterior:
• Side vent badging featuring a Checkered Flag • Black Exterior Pack with 19” Satin Dark Grey wheels • Colour choices: Corris Grey, Yulong White or Photon Red • Powered tailgate, fixed panoramic roof and Keyless Entry as standard.

Interior:
• Checkered Flag branded treadplates • Checkered Flag Ebony grained leather with Flame Red stitching • Ebony Morzine headlining interior trim • 10-way heated front seats, Interactive Driver Display and Connect Pro Pack as standard.
Configure your vehicle at jaguar.ca

This is where our E-PACE becomes your E-PACE. You have a number of choices: from selecting the E-PACE or E-PACE R-Dynamic, your engine and specification package, to exterior and interior colours, wheels and those detailed touches that make the vehicle your own. You can also design and build your perfect E-PACE on our online configurator at jaguar.ca

Page 40
You can compare the standard features across E-PACE and E-PACE R-Dynamic.

Page 42
You can choose from two efficient and powerful gas engines.

Page 44
To make your selection of options easier, you have the choice of adding specification packages: SE or HSE.
There’s a wide range of exterior options to select from, including roof styles, paint colours, the exterior Black Package and wheels. All enable you to truly express yourself.

Once you’ve chosen your seat style, select your preferred colour combinations.

You can choose from a wealth of factory-fit options to create the exact vehicle you want. Your Jaguar Retailer also has available a wide range of accessories to fit.

EXTERIOR OPTIONAL FEATURES AND PACKAGES

Full length roof rails
Factory-fit roof rails facilitate easy fitment of cross bars for truly stable roof carrying. Preset positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Available in Black or Silver finishes.

No badges
You have the option to remove both the specification package and engine badges from the side vents and rear of the vehicle respectively.

Heated, electric, power fold mirrors with memory, approach lights and driver side auto-dimming
Improving visibility when manoeuvring, these heated door mirrors feature auto-dipping functionality when the Reverse gear is selected. In addition, the door mirrors are power folding, to avoid damage during parking in tight spaces. Combined with memory seats, the mirrors are also equipped with a memory function. Once you set your ideal seating and mirror positions, it automatically recalls your preferred driving position settings. Integrated approach lights to the underside of the mirrors illuminate the ground with an eye-catching Jaguar and cub design.

Chrome side window surrounds
Chrome side window surrounds accentuate the stylish design of the E-PACE.

LED headlights with signature DRL

1Only available when optional fixed panoramic roof is fitted. 2Standard on R-Dynamic SE and R-Dynamic HSE.

Features and their availability may differ by vehicle specification. Please contact your nearest Jaguar Retailer for more information.
SELECT YOUR FACTORY-FIT OPTIONS

Options must be specified at the point of ordering your new vehicle. For full feature and option availability, visit your local Jaguar Retailer.

INTERIOR OPTIONAL FEATURES AND PACKAGES

**Bright metal pedals**
Stainless steel Bright finish sports pedal covers are easy to fit and feature hidden fixings for a clean finish.

**Illuminated metal treadplates with Jaguar script**
Illuminated aluminum treadplates, featuring Jaguar script are available on driver and front passenger sides.

**Configurable Ambient Interior Lighting**
This feature allows you to vary the colour and shade, changing the ambience of the cabin to suit your mood. There are 10 colours in total.

**Smoker’s Package**
Add a lighter socket and ashtray to the centre console.

**Cabin Air Ionization**
Nanoe™ technology enhances the wellbeing of both driver and passengers alike. By means of a coated evaporator, the Cabin Air Ionization system ionizes particles in the air, making them attract to surfaces and thus helping to cleanse the air.

**Air Quality Sensor**
This extra climate control option monitors the air quality within the cabin and automatically recirculates the air as necessary.

**Cold Climate Package**
This offers heated washer jets and heated windshield.

*A 3 month trial subscription to the SiriusXM Select+ package is included with equipped vehicles, which gives you access to 130+ channels of premium programing. Plus you can stream SiriusXM on your computer, smartphone or tablet. It’s included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-888-539-7474. See the SiriusXM Customer Agreement for complete terms at siriusxm.ca. All fees and programming are subject to change. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devises, even with voice commands, when it is safe to do so.

Only available when optional Keyless Entry is fitted.

Features and their availability may differ by vehicle specification. Please contact your nearest Jaguar Retailer for more information.
CONVENIENCE

Keyless Entry
Allows you to lock and unlock the E-PACE without pressing a button. Simply approach the vehicle with the key fob in your pocket or bag, and unlock and disarm the vehicle using the door handle. When leaving the vehicle, you can lock the E-PACE by simply pressing the button on the door handle, or by using the key fob.

Activity Key
See page 33.

Powered gesture tailgate
See page 34.

Garage Door Opener (HomeLink®)
The HomeLink system is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting.

Cargo space partition net
Designed to protect vehicle occupants against the displacement of luggage.

Cargo space storage rails with luggage retention kit
Cargo space rails extend and adjust to secure items.

Additional power sockets
Three additional USB charging points in the second row centre console.

DRIVER ASSISTANCE

360° Surround Camera
See page 23.

Drive Pro Package

HomeLink® is the registered trademark of Gentex Corporation.

†These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Jaguar Retailer for more details.
Configure your vehicle at jaguar.ca

Jaguar Gear Accessories can be purchased through your Jaguar Retailer and added at any stage of the vehicle’s life – not just when it’s new. Jaguar Gear approved accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For our full range of accessories please search ‘Jaguar Gear Accessories’ to view the online catalogue or see jaguar.ca/accessories

VEHICLE SHOWN: E-PACE R-DYNAMIC SE IN CALDERA RED WITH OPTIONAL EQUIPMENT.
**Fixed side steps**¹
The side steps aid entry and exit to the vehicle and improve access to the roof. Design features Jaguar branding and includes Brushed Stainless Steel edge trim and a rubber tread mat, to complement the vehicle’s exterior styling cues.

**Bright side tubes**²
Highly Polished Stainless Steel side tubes complement the vehicle’s exterior style.

**Carbon Fibre Mirror Covers**
High-grade Carbon Fibre Mirror Covers provide a performance-inspired styling upgrade.

**Noble Chrome Mirror Covers**
Noble Chrome Mirror Covers accentuate the stylish design of the exterior mirrors.

---

**Carbon Fibre Side Power Vents**
High-grade Carbon Fibre Side Power Vents provide a performance-inspired styling upgrade.

**Splash guards – Front and rear**
Jaguar branded splash guards complement the lines of your vehicle, reduce spray and provide protection from dirt and stone chippings.

**Stainless steel Undershield – Front and Rear**³
Manufactured from stainless steel, the stylish Front and Rear Undershields feature a premium polished finish.

---

¹Recommend to be fitted with front splash guards to protect against the build up of snow, ice or mud in extreme conditions.
²Fitment may affect the all-terrain capability of the vehicle.
³Rear Undershield not available with towing systems.

INTERIOR ACCESSORIES

Luxury Carpet Mats
Luxurious, tailored 2,050 g/m² pile front carpet mats with embossed Jaguar logo and nubuck edge binding. The premium mats provide a well-appointed finishing touch to the interior.

Rubber mats
Hard-wearing Jaguar branded rubber mats provide added protection for your vehicle's carpets.

Luggage Compartment Luxury Carpet Mat with bumper protector
Luxurious soft luggage mat with Jaguar logo. Deep premium 2,050 g/m² pile with nubuck edging. Integrated with a bumper liner, which provides protection to the bumper from scuffs and scratches as well as preventing clothing from collecting dirt when loading and unloading. The liner can be stored under the mat when not in use.

Luggage compartment rubber mat
This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Aperture retention net
The aperture retention net prevents small items from falling out of the cargo space when the tailgate is opened and maximizes packing space. Manufactured from premium lightweight materials including high grade machined aluminum to ensure robust quality.

Gearshift paddles – Aluminum¹
Enhancement steering wheel gearshift paddles offered in a premium aluminum material providing a high-quality finish. Manufactured from High-quality Machined Aluminum, the paddles are hand brushed for a premium finish and anodized to ensure they will not deteriorate with wear.

Sport pedal covers
Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance.

Pet Cargo Space Protection Package
To provide protection and easy cleaning of the luggage compartment from wet and muddy paws. Combines the Quilted Luggage Compartment liner, full height luggage partition and Spill Resistant Pet Bowl. The perfect solution for owners who carry dogs or other pets in the luggage compartment of their vehicle.

Personalized sill treadplates – Illuminated
Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors. Illuminate when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

¹Cargo capacity will differ depended on cross bar selected; contact your nearest Jaguar Retailer for more information. ²Roof rails are a line-fit option and not available as accessory. ³Only available when accessory cross bars are selected. ⁴Part fitment varies depending on bike size; contact your nearest Jaguar Retailer for more information. ⁵iPhone® is a registered trademark of Apple Inc., registered in the US and other countries. Contact your nearest Jaguar Retailer for more information on iPhone compatibility. ⁶Required for Click and Go accessories to be selected. ⁷Only available when optional Click and Go base is selected.
TOURING ACCESSORIES

Roof cross bars
Cross bars enable the use of a wide range of roof carrying accessories. They feature a unique release mechanism allowing for them to be easily fitted or removed without the use of tools. Cross bar options offered for vehicles with and without roof rails.

Ski/snowboard holder
A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading.

Roof Sport Box
Spacious 320 litre capacity lockable roof box designed for sports equipment, measuring 206 x 84 x 34 cm.

Roof Mounted Bike Carrier
An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

OTHER ACCESSORIES

iPhone® Connect and Charge Dock
The iPhone Connect and Charge Dock has been designed to allow visibility of the phone while charging, utilizing the cup holder space in the central console. When connected, the iPhone’s media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The cut-out design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Click and Go Base
The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

Click and Play
Click and Play includes various removable tablet holder attachments which are available for different types of tablets, and can be easily positioned in multiple angles for in cabin comfort and rear seat entertainment.

Click and Go integrated base unit
With the optional Click and Go integrated base unit, rear seat passengers will be able to use their tablet devices throughout any journey. With a mounting mechanism and rear USB charger, everyone can stay connected, everywhere in the vehicle.

Sunshades − Rear and side
Easy to install and remove, these clip-in sunblinds fold for convenient storage. Supplied with Jaguar branded storage bag.

Centre armrest cooler/warmer box
Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre safety belt and powered from the rear auxiliary socket. Ideal for long trips with the family.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience Centres, or take part in the Art of Performance Tour. New sensations await.

jaguar.ca/experience

ICE ACADEMY

Take your driving to the next level with Ice Academy. Located on one of the many frozen lakes in Arjeplog, Sweden, your driving skills will be tested through tackling some of the harshest, most challenging tracks on the planet. It's a rare chance to dance on ice and glide around awe-inspiring corners, all under the expert guidance of our instructors. Encounter the true exhilarating potential of the latest Jaguar and Land Rover vehicles in extreme conditions.

jaguar.ca/experience

THE WORLD OF JAGUAR

Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

jaguar.ca/experience
With outstanding performance, cutting-edge technology and incomparable luxury, Jaguar is a showcase for the finest in design and engineering. Special Vehicle Operations takes this even further. Adorned with the SV badge, halo models and limited-run collector’s editions are the very pinnacle of the Jaguar range, offering a combination of the ultimate in power and dynamics.

Manufacturing Tours

Witness at first-hand a Jaguar being brought to life. Behind our award-winning craftsmanship lies an unrivalled harmony of skilled technicians and cybernetic production robots. Our expert tour guides will accompany you as you make your way through the hi-tech manufacturing process, from sheet metal to the finished creation.

jaguar.com/tours

Special Vehicle Operations
We’re making history. Again. Our latest development as leader in the global automotive race to electrification is I-PACE eTrophy – the world’s first all-electric, production-based international race series. Engineered and built by Special Vehicle Operations to compete on the zero emissions world stage, racers of the future will push electrification to thrilling heights.

ABB FIA FORMULA E

Jaguar’s reputation for performance, technology and design was forged at the world’s most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test bed. Formula E provides the perfect proving ground for electric vehicle technology in a high performance environment. The racing series accelerates the development of Jaguar’s electric powertrains. With every race, Formula E helps Jaguar engineers to create better electric vehicles.

JAGUAR I-PACE eTROPHY

We’re making history. Again. Our latest development as leader in the global automotive race to electrification is I-PACE eTrophy – the world’s first all-electric, production-based international race series. Engineered and built by Special Vehicle Operations to compete on the zero emissions world stage, racers of the future will push electrification to thrilling heights.

jaguar.ca/en/electrification/i-pace-e-trophy
Our latest range of apparel and lifestyle accessories is inspired by Jaguar's rich heritage, racing expertise, and iconic designs. This exclusive, impressively executed collection follows the performance-orientated style that is Jaguar.

Visit your Retailer to browse the Jaguar Collection.

This is our own vibrant, cosmopolitan and contemporary magazine. Go behind the scenes at Jaguar and explore our dedication to performance, design and innovation – as well as catching an insight into the world of luxury, style and travel. You can enjoy The Jaguar magazine twice a year, completely free of charge for the first three years of ownership.

jaguar.ca
AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

NEW VEHICLE LIMITED WARRANTY
The New Vehicle Limited Warranty (The "Warranty") lets you enjoy your driving with peace of mind. The warranty is fully transferable to subsequent owners and remains in effect throughout the Warranty Coverage period.

GENUINE PARTS
Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your E-PACE to contribute to optimum performance and to help maximize its lifespan.

SERVICING
Relax in the knowledge that long-term performance is assured with the Complimentary First Scheduled Maintenance Coverage. It covers the first factory recommended scheduled servicing as detailed in the "Passport to Service". A service interval indicator will appear to remind you to take advantage of your first complimentary maintenance.

ROADSIDE ASSISTANCE
Jaguar Roadside Assistance provides assistance in motoring emergencies, from immobilization due to mechanical breakdown to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle's warranty period.

JAGUAR CANADA FINANCIAL SERVICES
New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local authorized Jaguar Retailer to find out more.

IMPORTANT NOTICE
Jaguar Land Rover Canada ULC is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and Retailers are not agents of Jaguar Land Rover Canada ULC by any express or implied undertaking or representation.
